

QUICK REFERENCE SHEET

Key Actions For Individual COVID-19 Events Based On The Massachusetts Department Of Elementary & Secondary Education

Updated July 17, 2020

EVENT	LOCATION OF EVENT	TESTING RESULT	QUARANTINE
Individual is symptomatic	If an individual is symptomatic <u>at home</u> , they should stay home and get tested .	Individual tests <u>negative</u>	Return to school once asymptomatic for 24 hours.
	If an individual student is symptomatic <u>on the bus or at school</u> , they should remain masked and adhere to strict physical distancing. They will be seen by the nurse and quarantined until they can go home. They will not be sent home on the bus. Siblings of the symptomatic individual will be sent home at the same time. The symptomatic individual must be tested . If an employee is symptomatic at school, they should alert administration and then go home and get tested .	Individual tests <u>positive</u>	Remain home (except to get medical care), monitor symptoms, notify the school nurse, notify personal close contacts, assist the school in contact tracing efforts, and answer the call from local board of health or MA Community Tracing Collaborative. Medical clearance will be needed to return to campus.
Individual is exposed to COVID-19 positive individual	If an individual is at home when they learn they were in close contact with an individual who tested positive for COVID-19, they should stay at home and be tested 4 or 5 days after their last exposure.	Individual tests <u>negative</u>	Return to school, if asymptomatic or once asymptomatic for 24 hours.
	If your child was in close contact with an individual who tested positive for COVID-19 outside of our school, please alert the school nurse immediately. Your child will be sent home and remain home for testing 4-5 days after their last exposure. If the school learns a child in a cohort has tested positive for COVID-19, the school will alert all families of students in the cohort; students will be sent home and remain home for testing 4-5 days after their last exposure.	Individual tests <u>positive</u>	Remain home (except to get medical care), monitor symptoms, notify the school nurse, notify personal close contacts, assist the school in contact tracing efforts, and answer the call from local board of health or MA Community Tracing Collaborative. Medical clearance will be needed to return to campus.
